

HB 1747 -- Weapons

Sponsor: Wells

This bill reenacts a provision that was repealed by House Bill 294 in 2011 which allows the use of certain otherwise unlawful weapons if the weapons are being dealt with as a curio, ornament, or keepsake.

The bill changes the expiration date for a nondriver's license with a concealed carry endorsement from three to six years from the date the certificate of qualification was issued. The maximum fee that a county sheriff may charge for processing an application for a certificate of qualification for a concealed carry endorsement is lowered from \$100 to \$65 and for a certificate renewal from \$50 to \$32.

A person can receive a concealed carry endorsement without meeting the current requirements if he or she submits a copy of a certificate of firearms safety training course completion that was issued on or before August 27, 2011, if it met the requirements that were in effect on the date it was issued.
